Bella and Tommy

Bella and Tommy played messily last Monday. When Mum came into their room, she stepped on their toy car and fell down. She was hurt and said angrily, 'You should tidy up your toys and put them in the box.'

They didn't feel sorry and blamed each other. Tommy quarreled with Bella and shouted, 'You do it!' Bella shouted, 'No, you should do it!' Tommy shouted, 'The teddy bear is yours!' Bella shouted, 'The toy car is yours!' Tommy shouted, 'You take the toys out!'

Suddenly, Mum picked one of their toys and threw it in the rubbish bin. Then, they tidied up and put the toys back quickly into the box. Tommy said, 'Sorry, I shouldn't shout at you.' Bella said, 'I am sorry too. I shouldn't quarrel with you.' Tommy said, 'Let's tidy up the toys quickly or our toys will go to the rubbish bin.'

Tim called the police and said, 'I saw a thief went into my neighbour's flat. The police said, 'I will call the police to investigate the case.'

Soon, the policemen arrived and caught the woman. The woman felt puzzled. She said, 'I just forgot to bring my key. I'm the owner of the flat.' The policemen checked her ID card. The policemen told her to take off the sunglasses because they needed to check the ID. Then, they found that she was the owner of the flat.

Tim felt sorry and said, 'When you forget to bring the key next time, you could go to my flat and wait until your family member comes home.' The woman said, 'You are a caring person, thank you.'

Our favourite transportation

Good morning, I am Martin from 5D. I am going to report a survey about the ways our classmates travel to school.

Four people in the class like travelling to school by bus because it is cheap and they can always get a seat. Five of us like travelling to school by MTR because it is fast. Although travelling by MTR is fast, people need to wait for a long time. Sometimes, it's crowded in the morning. Four of us live near the school so they travel to school on foot. It takes about a few minutes to walk to school. Ten of us go to school by school bus because it is convenient and comfortable. Although it is convenient and comfortable, travelling by school bus is expensive. Two of us travel to school by car. Their parents drive them to school every morning.

That's the end of my presentation. Thank you.
